

ASQ Activities

AGE 3

HELP YOUR CHILD LEARN AND GROW!

Try these fun and easy activities with your 3-year-old—a great way to have fun together and encourage your child's healthy development.

Make an **adventure path** outside. Use a garden hose, rope, or piece of chalk and make a "path" that goes under the bench, around the tree, and along the wall. Walk your child through the path first, using these words. After she can do it, make a new path or have your child make a path.

Before bedtime, look at a magazine or children's book together. Ask your child to **point to pictures** as you name them, such as "Where is the truck?" Be silly and ask him to point with an elbow or foot. Ask him to show you something that is round or something that goes fast.

While cooking or eating dinner, play the **"more or less"** game with your child. Ask who has more potatoes and who has less. Try this using same-size glasses or cups, filled with juice or milk.

Make a **necklace** you can eat by stringing Cheerios or Froot Loops on a piece of yarn or string. Wrap a short piece of tape around the end of the string to make a firm tip for stringing.

Practice **following directions**. Play a silly game where you ask your child to do two or three fun or unusual things in a row. For example, ask him to "Touch your elbow and then run in a circle" or "Find a book and put it on your head."

Find large pieces of paper or cardboard for your child to **draw** on. Using crayons, pencils, or markers, play a drawing game where you follow his lead by copying exactly what he draws. Next, encourage your child to copy your drawings, such as circles or straight lines.

Listen and dance to **music** with your child. You can stop the music for a moment and play the "freeze" game, where everyone "freezes," or stands perfectly still, until you start the music again. Try to "freeze" in unusual positions for fun.
