

We are inviting Trust Governors, members of the INVOLVE and Your Voice groups and NHS Cadets to judge the People's Choice Award 2023.

Each year we invite people who have used any of our services to submit nominations to help recognise our amazing staff at the Team WCHC Awards. We ask if they have received exceptional treatment and care from an individual or one of our teams.

This may have been whilst visiting one of our clinics, receiving care in their own home or during a stay on one of our wards. Our services help thousands of people keep well each week across Wirral, Cheshire East, St Helens and Knowsley.

This year, we made it even easier to nominate, with the introduction of text message nominations, and these proved very popular.

Submissions for services have been consolidated to create an overview for the 16 services that received nominations.

We ask that you judge each service as a discrete entry. Read through each one and then simply pick your top four favourites.

Criteria:

When you're reading them through, think about:

1. Is there evidence of care and compassion
2. Is there evidence of respect and dignity
3. Has someone/a team gone above and beyond what's expected
4. Have they made a positive difference
5. Was the experience excellent for either the patient and/or those caring for the patient

Ranking:

When you've got your top four services, please rank them in order of preference i.e. 1st, 2nd, 3rd.

Here is an example to show how to lay out your rankings:

Rank	Nomination number
1st	2
2nd	4
3rd	7

Deadline:

The deadline to return your judging scores is **10.00am on Monday 4 September**.
Winners will be announced on the evening (Friday 6 October).
