Re: Freedom of Information Request

Original Request and Response:

Dear WIRRAL COMMUNITY HEALTH AND CARE NHS FOUNDATION TRUST,
I am carrying out some research for a report, trying to ascertain preparedness for carbon zero in the public sector. I am particularly interested in public sector organisation's understanding of current energy usage.

I would like to know:

- a) The total number of electric, gas, fuel & water meters the organisation has (billing meters and sub-meters).
- b) The number of those meters that are manually read & recorded.
- c) The number of those meters that are AMR (Automated Meter Reading) meters.
- d) Across how many sites the meters distributed.

Please note that I am only interested in the organisation's buildings - not domestic buildings associated with the organisation.

It might be helpful to see an example format for the requested data:

Total number of meters: 100

Manually read: 75

Automatically read: 50

Sites: 5

Please include both billing and sub-meters.

Response: Please see table below.

	Elec	Gas	Water	Total
Number Of Meters	11	11	14	36
Manually Read:	7	8	12	27
Automatically HH Read:	3	0	0	3
Automatically AMR Read:	1	3	0	4
Unmetered	0	0	2	2
Sites:				11
